## **Article 4**

### **Resident**

1. For the purposes of this Convention, the term “resident of a Contracting State” means:

a) any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other

criterion of a similar nature, and also includes that State and any governmental body or agency, political subdivision or local authority thereof; or

(i) exclusively for a religious, charitable, educational or scientific purpose; or

This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

2. Where by reason of the provisions of paragraph 1 of this Article, an individual is a resident of both Contracting States, then his status shall be determined as follows:

a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State with which his personal and economic relations are closer (centre of vital interests);

3. Where by reason of the provisions of paragraph 1 of this Article, a person other than an individual is a resident of both Contracting States, the competent authorities of the Contracting States shall endeavour to settle the question by mutual agreement, taking into consideration that the place of effective management is one of the main criteria in this case.

## **Article 5**

### Permanent Establishment

1. For the purposes of this Convention, the term “permanent establishment” means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term “permanent establishment” includes especially:

- a) a place of management;
- b) a branch;
- c) an office;
- d) a factory;
- e) a workshop, and
- f) a mine, a quarry or any other place of extraction of natural resources.

3. The term “permanent establishment” also includes:

a) a building site, a construction, assembly or installation project, or supervisory activities, in connection therewith, but only where such site, project or activities continue for a period more than six months;

b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within a Contracting State for a period or periods aggregating more than 183 days within any 12-month period.

4. Notwithstanding the preceding provisions of this Article, the term “permanent establishment” shall be deemed not to include:

a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;

e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2 of this Article, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## **Article 6**

### Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other Contracting State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. This term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, buildings, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 of this Article shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## **Article 7**

### Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3 of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of income from debt-claims with regard to moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of income from debt-claims with regard to moneys lent to the head office of the enterprise or any of its other offices.

4. The business profits derived by an enterprise of a Contracting State from the exportation of merchandise to the other Contracting State shall not be taxed in that other Contracting State. Where export contracts include other activities carried on through a permanent establishment in the other Contracting State profits derived from such activities may be taxed in the other Contracting State.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. The term “business profits” includes, but is not limited to income derived from manufacturing, mercantile, banking, insurance, from the operation of inland transportation, the furnishing of services and the rental of tangible personal movable property. Such a term does not include the performance of personal services by an individual either as an employee or in an independent capacity.

8. Nothing in this Article shall affect the operation of any law of a Contracting State relating to tax imposed on income derived by non-residents from insurance activities provided that if the relevant law in force in either Contracting State at the date of signature of this Convention is varied (otherwise than in minor respects so as not to affect its general character) the Contracting States shall consult with each other with a view to agreeing to any amendment of this paragraph as may be appropriate.

9. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **Article 8**

### **Shipping and Air Transport**

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. The provisions of paragraph 1 of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

## **Article 9**

### Associated Enterprises

#### 1. Where

a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

## **Article 10**

### Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds at least 10 per cent of the voting power or voting shares of the company paying the dividends;

b) 10 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on

the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

## **Article 11**

### **Income from Debt-Claims**

1. Income from debt-claims arising in a Contracting State and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

2. The term “income from debt-claims” as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as income from debt-claims for the purpose of this Article.

3. The provisions of paragraph 1 of this Article shall not apply if the beneficial owner of the income from debt-claims, being a resident of a Contracting State, carries on business in the other Contracting State in which the income from debt-claims arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which such income is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

4. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the income from debt-claims, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable

according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

## **Article 12**

### Royalties

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed:

a) 5 per cent of the gross amount of the royalties for the use of, or the right to use, industrial, commercial or scientific equipment;

b) 7 per cent of the gross amount of the royalties in all other cases.

3. The term “royalties” as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films and films or tapes for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

3. Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that State.

Gains from the alienation of shares, other than those mentioned in paragraph 4 of this Article, forming part of a substantial participation in the capital of a company resident of a Contracting State and not listed in a Stock Exchange of either of the Contracting States, may be taxed in that Contracting State. A person is considered to have a substantial participation when this participation is, at least, 25 per cent of the capital of that company.

1. In the case of the Kingdom of Saudi Arabia, double taxation shall be avoided as follows:

Where a resident of the Kingdom of Saudi Arabia derives income or owns capital which, in accordance with this Agreement, may be taxed in Sweden, the Kingdom of Saudi Arabia shall allow:

a) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid thereon in Sweden;

b) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid thereon in Sweden.

Such deduction in either case shall not, however, exceed that part of the income tax or capital tax in the Kingdom of Saudi Arabia, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in Sweden.

c) The methods for elimination of double taxation will not prejudice to the provisions of the Zakat collection regime as regards Saudi nationals.

2. In the case of Sweden, double taxation shall be avoided as follows:

a) Where a resident of Sweden derives income which under the laws of the Kingdom of Saudi Arabia and in accordance with the provisions of this Convention may be taxed in the Kingdom of Saudi Arabia, Sweden shall allow – subject to the provisions of the laws of Sweden concerning credit for foreign tax (as it may be amended from time to time without changing the general principle hereof) – as a deduction from the tax on such income, an amount equal to the Saudi tax paid in respect of such income.

b) Where a resident of Sweden derives income which, in accordance with the provisions of this Convention, shall be taxable only in the Kingdom of Saudi Arabia, Sweden may, when determining the graduated rate of Swedish tax, take into account the income which shall be taxable only in the Kingdom of Saudi Arabia.

c) Notwithstanding the provisions of sub-paragraph a) of this paragraph, dividends paid by a company which is a resident of the Kingdom of Saudi Arabia to a company which is a resident of Sweden shall be exempt from Swedish tax according to the

provisions of Swedish law governing the exemption of tax on dividends paid to Swedish companies by companies abroad.

d) Where a resident of Sweden owns capital which, in accordance with the provisions of this Convention, may be taxed in the Kingdom of Saudi Arabia, Sweden shall allow as a deduction from the tax on the capital of that resident an amount equal to the capital tax paid in the Kingdom of Saudi Arabia. Such deduction shall not, however, exceed that part of the Swedish capital tax, as computed before the deduction is given, which is attributable to the capital which may be taxed in the Kingdom of Saudi Arabia.

## **Article 25**

### **Mutual Agreement Procedure**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with this Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Convention. They may also consult together for the elimination of double taxation in cases not provided for in this Convention.

4. The competent authorities of the Contracting States may communicate with each other for the purpose of reaching an agreement in the sense of the preceding paragraphs.

## **Article 26**

### Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2 of this Convention.

2. Any information received under paragraph 1 of this Article by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1 of this Article, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs 1 and 2 of this Article be construed so as to impose on a Contracting State the obligation:

a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 of this Article but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 of this Article be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

### **Miscellaneous Provisions**

1. Nothing in this Convention shall affect the application of the domestic provisions to prevent tax evasion and tax avoidance concerning the limitation of expenses and any deductions arising from transactions between enterprises of a Contracting State and enterprises of the other Contracting State, if the main purpose or

one of the main purposes of the creation of such enterprises or of the transactions undertaken between them, was to obtain the benefits under this Convention, that would not otherwise be available.

2. Notwithstanding any other provisions of this Convention, where:

a) a company that is a resident of a Contracting State derives its income primarily from other States

(i) from activities such as banking, shipping, financing or insurance or

(ii) from being the headquarters, co-ordination centre or similar entity providing administrative services or other support to a group of companies which carry on business primarily in other States; and

b) such income would bear a significantly lower tax under the laws of that State than income from similar activities carried out within that State or from being the headquarters, co-ordination centre or similar entity providing administrative services or other support to a group of companies which carry on business in that State, as the case may be,

any provisions of this Convention conferring an exemption or a reduction of tax shall not apply to the income of such company and to the dividends paid by such company.
