Part II: Common provisions for the ESF+ shared management strand

European
Commission |

Key changes

- Stronger alignment with the European Semester and alignment with the European Pillar of Social Rights
- More flexibility on thematic concentration requirements: adjusted to MS needs
- The scope of the ESF+ is broader (basic material assistance and social integration measures) but fewer specific objectives
- Introduction of conditions for eligibility of direct staff costs and purchase of equipment, furniture and vehicles
- Obligations on monitoring and reporting are simplified and indicators are reduced

Consistency & thematic concentration - Art. 7(1)

- Ensuring coordination, complementarity and coherence between the ESF+ and other Union funds or programmes.
- Avoid duplication of effort

How?

- Authorities of relevant programmes should be involved in the preparation and implementation of ESF+ programmes.

e.g The ESF can be used to top-up support by Erasmus, for instance, for students with a disadvantaged background

Consistency & thematic concentration - Art. 7(3)

- **At least 25% of MS ESF+ resources** has to be dedicated to social inclusion, i.e. :
 - Active inclusion
 - Socio-economic integration of third country nationals and marginalized communities
 - Equal access to services; modernisation of and access to social protection systems; healthcare and long-term care services
 - Social integration of people at risk of poverty or social exclusion
 - Material deprivation

The resources for material deprivation count for meeting the 25%

European
Commission

Consistency & thematic concentration - Art. 7(4)

- At least 2% of the ESF+ resources of a MS has to address material deprivation (specific objective xi), but:

In duly justified cases, this may include support to the social integration of the most deprived (specific objective x)

Programmed under dedicated priority or programme (Art. 9)

Consistency & thematic concentration - Art. 7(5)

- MS with high NEET rates (above the Union average) in **2019** should programme at least **10%** of their ESF+ resources for **2021-2025** to support youth employment.
- As part of the **midterm review**, MS will allocate at least 10% of their ESF+ resources for 2026-2027 to support youth employment if they have a high NEET rate in **2024**.
- For the **outermost regions** with high NEET rates: **15% of the ESF+ resources in their programmes.**

***Programmed under dedicated priorities
(Art. 10)***

Partnership - Art. 8

- MS to ensure adequate participation of social partners and civil society organisations in the delivery of employment, education and social inclusion policies supported by the ESF+.
- Member States to allocate an appropriate amount of ESF+ resources in each programme for the capacity building of social partners and civil society organisations.

Chapter II: General support of the ESF+ shared management strand

European
Commission

Support to policy innovation - Art. 13

- Member States shall support actions of social innovation and social experimentations and strengthen bottom-up approaches based on partnerships
- Member States may support up-scaling of innovative approaches tested on a small-scale (social experimentations) developed under the Employment and Social Innovation strand and other Union programmes.
- Can be done under any of the ESF+ specific objectives (i) to (x)

Programmed under dedicated priority - higher EU co-financing rate

Eligibility of costs - Art. 14

Ineligible costs:

- purchase of land
- purchase of real estate
- purchase of infrastructure

Purchase of furniture, equipment and vehicles is only eligible if either:

- the purchase is necessary for achieving the objective of the operation; or
- they are fully depreciated; or
- or if the purchase of these items is the most economic option.

Direct staff costs are eligible provided that the level is not higher than 100% of the usual remuneration for the profession.

Specific additional allocation outermost regions and northern sparsely populated regions: to be used for the achievement of the specific objectives (i) to (xi)

Indicators and reporting – Art. 15

- **Common output and result indicators** are set out in Annex I
- Shorter list of common indicators: decreased from 44 to 23
- Indicators are :
 - to be reported on by specific objective
 - to be broken down by gender (M/F/non-binary)
- When data are available in registers or equivalent sources, **MS must enable MA to obtain data from these registers or equivalent sources.**
- MS can only transmit data on a participant if his/her record contains the data for all **common output indicators for participants** (i.e. employment status/age/education level)
- **Other common output indicators:** if data for these indicators cannot be collected from registers, the values can be determined based on informed estimates by the beneficiary.

Chapter III: ESF+ Support for addressing material deprivation

European
Commission

ESF+ support for addressing material deprivation

- Ensures continuation of support provided by the FEAD in 2014-2020 to OP I
- provision of food and basic material assistance (including through electronic vouchers) to the most deprived people, including accompanying measures
- CPR and ESF+ Reg. continues to provide for simpler requirements for this type of operations

ESF+ support for addressing material deprivation (2)

Due to the target group and the type of support certain requirements are simpler, e.g. audit and indicators and reporting

Relevant provisions in ESF +:

- content of programming (Article 18 ESF +)
- eligibility of operations and expenditure (Article 19 and 20 ESF +)
- indicators and reporting (Article 21 and Annex II);
- audit (Article 22)

Eligibility of expenditure - Art. 20 (1)

The **eligible costs** of the ESF+ support for addressing material deprivation are:

- **Cost of purchasing food and/or basic material assistance incl. cost related to their transport to the beneficiarie** delivering the food/basic material assistance (point a)
- Where transport costs to beneficiaries are not included under point a: **flat rate of 1%** on purchase costs to cover transport + storage **or real costs** when duly justified (point b)
- **administrative, transport and storage costs borne by beneficiaries: flat rate of 5%** on purchase costs (point c)
- **cost of collection, transport, storage and distribution of food donations** (point d)
- **cost of accompanying measures: flat rate of 5%** on purchase costs (point e)

Ineligible Costs:

- interest on debt
- provision of infrastructure
- costs of second-hand goods.

Indicators (Annex II of ESF + Regulation)

Changes to the indicator system

- Input indicators now covered in the Common Provisions regulation
- Output indicators: only total quantities of food distributed
- Use of informed estimates kept for result indicators

Structured surveys of end recipients

- In 2024 and 2027 (to be defined in implementing act)

Evaluations: covered by CPR (Impact evaluation by June 2029; mid-term and retrospective by EC)

ESF+ support for addressing material deprivation

The Regulation proposal provides for full flexibility

ESF + support to address material deprivation can take two forms:

- Specific objective is part of comprehensive ESF + programme
- Specific programme exclusively addressing material deprivation

NB: Only the first option will benefit from the full flexibility, and linking social integration with activation.

The background of the slide is a close-up, artistic photograph of Euro banknotes. The image is monochromatic, rendered in various shades of teal and blue. It shows the intricate patterns and textures of the currency, including the fine lines of the paper and the embossed details. A dark teal rectangular box is overlaid on the upper left portion of the image, containing the title text in white.
