## **Agreement between the EFTA countries and Spain**

### *Preamble*

The Republic of Austria, the Republic of Finland, the Republic of Iceland, the Kingdom of Norway, the Portuguese Republic, the Kingdom of Sweden, the Swiss Confederation (hereinafter called the EFTA countries) and Spain,

Confirming their common desire for Spain to participate progressively in European free trade, thereby strengthening economic relations between European countries,

Resolved to lay down for this purpose provisions aimed at a progressive abolition of the obstacles to trade between the EFTA countries and Spain in accordance with the provisions of the General Agreement on Tariffs and Trade concerning the establishment of free trade areas,

Having regard to the Convention establishing the European Free Trade Association and to the Agreement creating an Association between the Member States of the European Free Trade Association and the Republic of Finland,

Having regard to the Agreements between the European Communities and the States members of or associated with EFTA,

Having regard to the Agreement between the European Economic Community and Spain,

Considering that no provisions of this Agreement may be interpreted as exempting the States Parties to this Agreement from their obligations under other international agreements,

HAVE DECIDED in pursuit of these objectives to conclude the following Agreement:

### **ARTICLE 1**

#### *Objective of the Agreement*

The objective of this Agreement is to reduce progressively and to eliminate the obstacles to substantially all the trade between the EFTA countries and Spain in products originating in an EFTA country or in Spain.

## **Avtal mellan EFTA-länderna och Spanien**

### *Inledning*

Republiken Österrike, Republiken Finland, Republiken Island, Konungariket Norge, Portugisiska republiken, Konungariket Sverige, Schweiziska Edsförbundet (här nedan benämnda EFTA-länderna) och Spanien,

vilka bekräftar sin gemensamma önskan att Spanien stegvis skall delta i frihandeln inom Europa och därigenom stärka de ekonomiska förbindelserna mellan europeiska länder,

vilka är beslutna att i detta syfte fastlägga bestämmelser syftande till att stegvis avskaffa handelshindren mellan EFTA-länderna och Spanien i enlighet med föreskrifterna om upprättande av frihandelsområden i det allmänna tull- och handelsavtalet,

vilka beaktar konventionen angående uppriktandet av Europeiska frihandelssammanslutningen och överenskommelsen angående bildandet av en association mellan medlemsländerna i Europeiska frihandelssammanslutningen samt Republiken Finland,

vilka beaktar avtalet mellan de Europeiska gemenskaperna och stater som är medlemmar av eller associerade till EFTA,

vilka beaktar avtalet mellan den Europeiska ekonomiska gemenskapen och Spanien,

vilka beaktar att ingen bestämmelse i detta avtal skall kunna tolkas som innebärande att de avtalsslutande staterna befrias från förpliktelser enligt andra internationella avtal,

**HAR BESLUTAT** att till fullföljande av dessa syften sluta följande avtal:

### **ARTIKEL 1**

#### *Avtalets syfte*

For any such purpose the Committee may at any time decide, by following the procedural provisions of Article 23, to amend the Annexes and Lists of this Agreement.

2. Den blandade kommitté som omnämns i artikel 22 skall årligen undersöka möjligheterna att ta ytterligare steg för att uppnå avtalets syftemål. Kommittén skall vidare senast under år 1982 göra en genomgripande genomgång av avtalet i syfte att åstadkomma väsentliga framsteg vad gäller det fortsatta avskaffandet av handelshinder. ## ARTICLE 9

### *Trade in agricultural products*

1. The States Parties to this Agreement declare their readiness to foster, so far as their agricultural policies allow, the harmonious development of trade in agricultural products.

2. In pursuit of this objective, EFTA countries have concluded with Spain separate bilateral agreements providing for tariff reductions and other measures facilitating trade in agricultural products.

3. The States Parties to this Agreement shall apply their regulations in veterinary, health and plant health-matters in a non-discriminatory fashion and shall not introduce any new measures that have the effect of unduly obstructing trade.

## ARTIKEL 9

### *Handeln med jordbruksprodukter*

1. De avtalsslutande parterna förklrar sig beredda att under hänsynstagande till sin jordbrukspolitik främja en harmonisk utveckling av handeln med jordbruksprodukter.

2. För förverkligande av detta syfte har EFTA-länderna och Spanien ingått separata bilaterala avtal om tullsänkningar och andra åtgärder som underlättar handeln med jordbruksprodukter.

3. De avtalsslutande parterna skall tillämpa sina veterinära, sanitära och fytosanitära bestämmelser på ett icke-diskriminerande sätt och skall inte vidtaga nya åtgärder som leder till att handeln otillbörligt hindras.

## ARTIKEL 10

### *Genomförande av jordbrukspolitik*

1. Avtalsslutande part, som inför en särskild reglering som ett led i genomförandet av sin jordbrukspolitik eller som ändrar gällande regleringar får, såvitt avser de varor som omfattas av regleringen, anpassa de regler som gäller enligt detta avtal.

2. Om sådana regler införs eller ändras av ett EFTA-land skall hänsyn tagas på lämpligt sätt till Spaniens intressen och om sådana regler införs eller ändras av Spanien skall hänsyn tagas på lämpligt sätt till EFTA-ländernas intressen. ## ARTICLE 12

### *Trade relations governed by this and other Agreements*

1. The notion "trade relations governed by this Agreement", as used in this Agreement, refers to the trade relations between, on the one side, the individual EFTA countries and, on the other side, Spain, but not the trade relations between the individual EFTA countries.

2. The trade relations between the Member States of the European Free Trade Association and between the Parties to the Agreement creating an Association between the Member States of EFTA and Finland remain governed by the Convention establishing that Free Trade Association and by that Agreement respectively.

3. This Agreement shall not prevent the maintenance or establishment of customs unions, free trade areas or arrangements for frontier trade to the extent that these do not have the effect of changing the trade régime and in particular the provisions concerning rules of origin provided for by this Agreement.

## ARTICLE 13

### *General exceptions*

This Agreement shall not preclude prohibitions or restrictions on imports, exports or goods in transit justified of grounds of public morality, law and order or public security, the protection of life and health of humans, animals or plants, the protection of national treasures of artistic, historic or archaeological value, the protection of industrial or commercial property, or rules relating to gold or silver. Such prohibitions or restrictions must not, however, constitute a means of arbitrary discrimination or a disguised restriction on trade between an EFTA country and Spain.

## ARTICLE 14

### *Security exceptions*

Nothing in this Agreement shall prevent a State Party to it from taking any measure:

(a) which it considers necessary to prevent

## ARTIKEL 12

### *Handelsförbindelser som regleras genom detta och andra avtal*

1. Med uttrycket "handelsförbindelser som regleras genom detta avtal" avses, då det används i detta avtal, handelsförbindelser mellan, å ena sidan, ett enskilt EFTA-land och, å andra sidan, Spanien, men inte handelsförbindelserna mellan de enskilda EFTA-länderna.

2. Handelsförbindelserna mellan medlemsländerna i den Europeiska frihandelssammanslutningen och mellan parterna i överenskommelsen angående bildandet av en association mellan medlemsländerna i EFTA samt Finland regleras även fortsättningsvis av konventionen angående upprättandet av Europeiska frihandelssammanslutningen respektive nämnda överenskommelse.

3. Detta avtal skall inte utgöra hinder mot att tullunioner, frihandelsområden eller särordningar för gränstrafik bibehålls eller uppöratas, i den mån dessa inte ändrar den ordning för handeln som avses i detta avtal, särskilt reglerna rörande ursprung.

## ARTIKEL 13

### *Allmänna undantag*

Detta avtal skall inte utgöra hinder mot sådana förbud eller restriktioner avseende import, export eller transitering som motiveras av hänsyn till allmän moral, allmän ordning eller allmän säkerhet eller av intresset att skydda människors och djurs hälsa och liv, att bevara växter, att skydda nationella skatter av konstnärligt, historiskt eller arkeologiskt värde eller att skydda industriell och kommersiell äganderätt samt inte heller mot föreskrifter rörande guld och silver. Sådana förbud eller restriktioner får dock inte utgöra ett medel för godtycklig diskriminering eller innebära en förtäckt begränsning av handeln mellan ett EFTA-land och Spanien.

## ARTIKEL 14

### *Undantag i säkerhetssyfte*

Ingen bestämmelse i detta avtal skall hindra en avtalsslutande part att vidtaga åtgärder

a) som parten anser nödvändiga för att för-

the disclosure of information contrary to its essential security interests;

(b) which relates to trade in arms, munitions or war materials or to research, development or production indispensable for defence purposes, provided that such measures do not impair the conditions of competition in respect of products not intended for specifically military purposes;

(c) which it considers essential to its own security in time of war or serious international tension.

## ARTICLE 15

### *Fulfilment of the obligations under the Agreement*

1. The States Parties to this Agreement shall refrain from any measures likely to jeopardize the fulfilment of the objective of the Agreement and shall take any general or specific measures required to fulfil their obligations under the Agreement.

2. If an EFTA country considers that Spain has or if Spain considers that an EFTA country has failed to fulfil an obligation under this Agreement, the Party concerned may take the appropriate measures under the conditions and in accordance with the procedure laid down in Article 20.

## ARTICLE 16

### *Rules of competition*

1. The following are incompatible with the proper functioning of this Agreement in so far as they may affect trade between an EFTA country and Spain:

(a) all agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition as regards the production of or trade in goods;

(b) abuse by one or more undertakings of a dominant position in the territories of the States Parties to this Agreement as a whole or in a substantial part thereof.

2. The States Parties to this Agreement will make every effort to avoid any public aid, in particular the forms of export aids listed in Annex VI, which distorts or threat-

hindra yppande av upplysningar i strid med sina väsentliga säkerhetsintressen;

b) som härför sig till handel med vapen, ammunition eller krigsmateriel eller till sådan forskning, utveckling eller produktion som är oundgänglig för försvarsändamål, under förutsättning att dessa åtgärder inte ändrar konkurrensvillkoren för varor som inte är avsedda för specifikt militära ändamål;

c) som parten anser väsentliga för sin säkerhet i krigstid eller vid allvarlig internationell spänning.

## ARTIKEL 15

### *Fullgörande av avtalets förpliktelser*

1. De avtalsslutande parterna skall inte vidtaga åtgärd som kan äventyra förverkligandet av detta avtals syften och skall vidtaga de generella eller speciella åtgärder som erfordras för att fullgöra förpliktelserna enligt detta avtal.

2. Om ett EFTA-land anser att Spanien, eller Spanien anser att ett EFTA-land, har försummat att fullgöra en förplikelse enligt detta avtal, kan vederbörande part vidtaga lämpliga åtgärder på de villkor och enligt det förfarande som anges i artikel 20.

## ARTIKEL 16

### *Konkurrensregler*

1. Följande förfaranden är oförenliga med detta avtals störningsfria tillämpning i den mån de är ägnade att påverka handeln mellan ett EFTA-land och Spanien:

a) överenskommelser mellan företag, beslut av företagssammanslutningar och sammordnade förfaranden mellan företag, vilka har till syfte eller följd att konkurrensen i fråga om produktion av och handel med varor hindras, inskränkes eller förvanskas;

b) missbruk från ett eller flera företags sida av en dominerande ställning inom de avtalsslutande parternas hela område eller en väsentlig del därav.

2. De avtalsslutande parterna skall bemöda sig om att undvika varje form av offentliga stödåtgärder, särskilt de former av export-stödjande åtgärder som är upptagna i bilaga

ens to distort competition by favouring certain undertakings or the production of certain goods.

3. Should a State Party to this Agreement consider that a given practice is incompatible with paragraph 1 or brings about the results described in paragraph 2, it may take appropriate measures under the conditions and in accordance with the procedure laid down in Article 20.

## ARTICLE 17

### *Deflection of trade*

1. Where an increase in imports of a given product in trade relations governed by this Agreement is or is likely to be seriously detrimental to any production activity carried on in the territory of a State Party to this Agreement and where this increase is due to:

(i) the partial or total reduction in the importing Party, as provided for in this Agreement, of Customs duties and charges having equivalent effect levied on the product in question; and

(ii) the fact that the duties or charges having equivalent effect levied by the exporting Party on imports of raw materials or intermediate products used in the manufacture of the product in question are significantly lower than the corresponding duties or charges levied by the importing Party;

the Party concerned may take appropriate measures under the conditions and in accordance with the procedure laid down in Article 20.

## ARTICLE 18

### *Dumping*

If a State Party to this Agreement finds that dumping is taking place in trade relations governed by this Agreement, it may take appropriate measures against this practice in accordance with Article VI of the General Agreement on Tariffs and Trade and agreements related to that Article, under the conditions and in accordance with the procedure laid down in Article 20.

VI, som förvanskar eller hotar att förvansa konkurrensen genom att gynna vissa företag eller viss produktion.

3. Om en avtalsslutande part anser att ett visst förfarande är oförenligt med första stycket, eller åstadkommer sådana resultat som anges i andra stycket, kan parten vidtaga lämpliga åtgärder på de villkor och enligt det förfarande som anges i artikel 20.

## ARTIKEL 17

### *Snedvridning av handeln*

1. När i handelsförbindelser som regleras genom detta avtal en ökad import av en viss vara förorsakar eller hotar att förorsaka allvarlig skada för viss produktion inom avtalsslutande parts område och ökningen beror på

– att den importerande avtalsslutande partens tullar eller avgifter med samma verkan för varan i fråga sänkts eller avvecklats i enlighet med detta avtal; och

– att tullar och avgifter med samma verkan, vilka den exporterande avtalsslutande parten uppbär vid import av sådana råvaror eller halvfabrikat som användes vid tillverkningen av varan i fråga, är avsevärt lägre än de motsvarande tullar och avgifter som den importerande avtalsslutande parten uppbär,

kan den berörda avtalsslutande parten vidtaga lämpliga åtgärder på de villkor och enligt det förfarande som anges i artikel 20.

## ARTIKEL 18

### *Dumping*

Om en avtalsslutande part finner att dumping förekommer i handelsförbindelser som regleras genom detta avtal kan parten, i enlighet med artikel VI i det allmänna tull- och handelsavtalet och därtill knutna överenskommelser, vidtaga lämpliga åtgärder häremot på de villkor och enligt det förfarande som anges i artikel 20.

## ARTICLE 19

### *Difficulties in particular sectors or regions*

If serious disturbances arise in any sector of the economy or if difficulties arise which could bring about serious deterioration in the economic situation of a region, the State concerned, Party to this Agreement, may take appropriate measures under the conditions and in accordance with the procedure laid down in Article 20.

## ARTICLE 20

### *Safeguard measures and procedure for their application*

1. In the event of a State Party to this Agreement subjecting imports of products traded under this Agreement liable to give rise to the difficulties referred to in Articles 17 and 19 to an administrative procedure, the purpose of which is to provide rapid information on the trend of trade flows, it shall inform the Joint Committee.

2. (a) In the cases specified in Articles 15, 16, 17, 18 and 19, before taking the measures provided for therein or, in cases to which paragraph 3 (d) applies, as soon as possible, the State in question, Party to this Agreement, shall supply the Joint Committee with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Parties concerned.

(b) In the selection of measures, priority must be given to those which least disturb the functioning of the Agreement. Measures taken by Spain against an action or omission of one of the EFTA countries may only affect trade with that country.

(c) The safeguard measures shall be notified immediately to the Joint Committee and shall be the subject of periodical consultations within the Committee, particularly with a view to their abolition as soon as circumstances permit.

3. For the implementation of paragraph 2, the following provisions shall apply:

(a) (i) As regards Article 16 any Party to this Agreement may refer the matter to the Joint Committee if it considers that a given practice is incompatible with the proper functioning of the Agreement within the meaning of paragraph 1 of that Article.

## ARTIKEL 19

### *Svårigheter inom vissa sektorer eller regioner*

I händelse av allvarliga störningar inom en sektor av näringsslivet eller av svårigheter som kan medföra en allvarlig försämring av det ekonomiska läget inom en region kan den berörda avtalsslutande parten vidtaga lämpliga åtgärder på de villkor och enligt det förfrårande som anges i artikel 20.

## ARTIKEL 20

### *Skyddsåtgärder och förfarandet vid deras tillämpning*

1. Om avtalsslutande part ifråga om handel som avses i detta avtal gör importen av varor som kan förorsaka i artiklarna 17 och 19 avsedda svårigheter till föremål för ett administrativt förfarande med syfte att snabbt klärlägga utvecklingen av handeln, skall parten underrätta den blandade kommittén härom.

2. a) I de fall som avses i artiklarna 15, 16, 17, 18 och 19 skall den berörda avtalsslutande parten, innan de åtgärder vidtages som där anges eller så snart som möjligt i de fall som avses i punkt d) i tredje stycket, förse den blandade kommittén med erforderligt underlag för en ingående undersökning av läget i syfte att finna en för de berörda partena godtagbar lösning.

b) I första hand skall sådana åtgärder väljas som medför den minsta störningen av detta avtals tillämpning. Åtgärder vidtagna av Spanien på grund av handlande eller underlättelse av ett EFTA-land får endast beröra handeln med det landet.

c) Underrättelse om skyddsåtgärderna skall omedelbart lämnas den blandade kommittén, där de skall bli föremål för regelbundna överläggningar, främst med syfte att åtgärderna skall upphävas så snart omständigheterna medger det.

3. Vid tillämpningen av andra stycket skall följande bestämmelser tillämpas:

a) I fråga om artikel 16 kan varje avtalsslutande part vända sig till den blandade kommittén om den anser att ett visst förfarande är oförenligt med detta avtals störningsfria tillämpning enligt artikel 16 första stycket.

(ii) The Parties concerned shall provide the Joint Committee with all relevant information and shall give the assistance it requires in order to examine the case and, where appropriate, to eliminate the practice objected to.

(iii) If the Party in question fails to put an end to the practice objected to within the period fixed by the Joint Committee, or in the absence of an agreement within the Joint Committee within three months of the matter being referred to it, the Party concerned may adopt any safeguard measures it considers necessary to deal with the serious difficulties resulting from the practice in question; in particular it may withdraw tariff concessions.

(b) (i) As regards Article 17, the difficulties arising from the situation referred to in that Article shall be referred for examination to the Joint Committee, which may take any decision needed to put an end to such difficulties.

(ii) If the Joint Committee or the exporting Party has not taken a decision putting an end to the difficulties within thirty days of the matter being referred, the importing Party is authorized to levy a compensatory charge on the product imported.

(iii) The compensatory charge shall be calculated according to the incidence on the value of the goods in question of the tariff disparities in respect of the raw materials or intermediate products incorporated therein.

(c) As regards Article 18, consultations in the Joint Committee shall take place before the Party concerned takes the appropriate measures.

(d) Where exceptional circumstances requiring immediate action make prior examination impossible, the Party concerned may, in the situation specified in Articles 17, 18 and 19 and also in the case of export aids having a direct and immediate incidence on trade between an EFTA country and Spain, apply forthwith the precautionary measures strictly necessary to remedy the situation.

II. De berörda parterna skall lämna den blandade kommittén de upplysningar och det bistånd som erfordras för att utreda fallet och för att i förekommande fall bringa det påtalade förfarandet att upphöra.

III. Om vederbörande part inte undanrött det påtalade förfarandet inom den tidsfrist som fastställts av den blandade kommittén eller om enighet inte nåtts i denna kommitté inom tre månader från det att ärendet anhängiggjorts där, kan den berörda parten vidtaga de skyddsåtgärder, som den anser nödvändiga för att undanröja de av förfarandet föranledda allvarliga svårigheterna, och särskilt återtaga tullmedgivanden.

b) I fråga om artikel 17 skall de svårigheter som föranlets av det i nämnda artikeln avsedda förhållandet anmälas för undersökning i den blandade kommittén. Denna kan fatta de beslut som erfordras för att svårigheterna skall upphöra.

II. Om den blandade kommittén eller den exporterande parten inte inom en tidsfrist av trettio dagar efter det att förhållandet anmälts fattat sådant beslut som bringar svårigheterna att upphöra, är den importerande parten berättigad att uppära en utjämningsavgift på den importerade varan.

III. Denna utjämningsavgift skall beräknas på grundval av den förändring av de berörda varornas värde som uppkommit till följd av tulldispariteter för i varorna inräkande råvaror eller halvfabrikat.

c) I fråga om artikel 18 skall överläggningar i den blandade kommittén äga rum innan den berörda parten vidtager lämpliga åtgärder.

d) När exceptionella förhållanden, som kräver omedelbart ingripande, omöjliggör en föregående undersökning, kan den berörda avtalsslutande parten, i de situationer som avses i artiklarna 17, 18 och 19 samt i fall av exportstöd som direkt och omedelbart påverkar handeln mellan ett EFTA-land och Spanien, utan dröjsmål vidtaga de provisoriska åtgärder som är absolut nödvändiga för att rätta till situationen.

**ARTICLE 21***Balance of payments difficulties*

Where a State Party to this Agreement is in difficulties or is seriously threatened with difficulties as regards its balance of payments, the Party may take the necessary safeguard measures. It shall inform the Joint Committee forthwith.

**ARTICLE 22***Establishment of the Joint Committee*

1. A Joint Committee is hereby established in which each State Party to this Agreement shall be represented.

2. It shall be the responsibility of the Committee to administer this Agreement and to supervise its implementation. For the purpose of its proper implementation, the States Parties to this Agreement shall exchange information and, at the request of any Party, shall hold consultations within the Joint Committee. The Committee shall keep under review the possibility of further removal of the obstacles to trade between the EFTA countries and Spain.

3. The Committee may decide, in accordance with the provisions of paragraph 3 of Article 23, to amend the Annexes and Lists to this Agreement. On other matters the Committee may make recommendations.

**ARTICLE 23***Procedures of the Joint Committee*

1. The Joint Committee shall meet whenever necessary but at least once a year. Each State Party to this Agreement may request that a meeting be held.

2. The Committee shall act by common agreement.

  - a) med 60 procent

3. Som bastull gäller den av Spanien vid varje särskild tidpunkt faktiskt tillämpade tullen gentemot tredje länder. Den gentemot tredje länder faktiskt tillämpade tullen skall vara den autonoma tullsats som anges i spanska tulltaxan eller, som den är lägre, den tull som utgår enligt reglerna i allmänna tull- och handelsavtalet; ändringar i den faktiskt tillämpade tullen skall utan dröjsmål meddelas till blandade kommittén.
4. Tullsatser som tillämpas enligt UNCTAD:s tullpreferens-system för u-länderna, enligt del IV i allmänna tull- och handelsavtalet samt temporärt upphävdta tullar skall inte anses som faktiskt tillämpade tullar mot tredje länder.

Annex III to  
the AgreementANNEX III TO THE AGREEMENTDEFINITION OF THE CONCEPT OF "ORIGINATING PRODUCTS" AND  
METHODS OF ADMINISTRATIVE CO-OPERATIONTITLE IDefinition of the concept of  
"originating products"Article 1

For the purpose of implementing the Agreement, the following products shall be considered as products originating in a State Party to this Agreement:

- (a) products wholly obtained in that State;
- (b) Products obtained in that State, in the manufacture of which products other than those referred to in sub-paragraph (a) are used, provided that the said products have undergone sufficient working or processing within the meaning of Article 5. This condition shall not apply, however, to products which, within the meaning of this Annex, originate in the State into which the said products are imported.

Article 2

1. Those products originating in a State Party to this Agreement in accordance with the provisions of Article 1 shall also be considered as originating there which, after being exported, have undergone no working or processing in another State Party to this Agreement or which have not undergone sufficient working or processing there to confer on them the status of originating products by virtue of the provisions of Article 1, provided that:

- (a) only products originating in any of those States have been used in the course of the working or processing;
- (b) where a percentage rule limits in the List A or in List B referred to in Article 5, the proportion in value of non-originating products that can be incorporated under certain circumstances, the added value has been acquired in each of the other States Parties to this Agreement in accordance with the percentage rules and with the other rules contained in the said Lists without any possibility of cumulation from one State Party to this Agreement to another.

2. For the purpose of implementing paragraph 1(a) the fact that products other than those referred to in this sub-paragraph are used in a proportion not exceeding in total value 5 per cent of the value of the products obtained and imported into the territory of a State Party to this Agreement does not affect the determination of the origin of the latter products, provided that they would not have caused the products exported from the territory in which they originated in the first place to lose their status of originating products had they been incorporated there.

3. In cases referred to under paragraphs 1(b) and 2 no non-originating product may be incorporated if it only undergoes the working or processing provided for in paragraph 3 of Article 5.

Annex III to

Article 5

1. For the purpose of implementing sub-paragraph (b) of Article 1, the following shall be considered as sufficient working or processing:

- (a) working or processing as a result of which the goods obtained receive a classification under a tariff heading other than that covering each of the products worked or processed, except, however, working or processing specified in List A, where the special provisions of that list apply;
- (b) working or processing specified in List B.

"Sections", "Chapters" and "tariff headings" shall mean the Sections, Chapters and tariff headings in the Customs Co-operation Council Nomenclature for the Classification of Goods in Customs Tariffs.

2. When, for a given product obtained, a percentage rule limits in List A and in List B the value of the materials and parts which can be used, the total value of these materials and parts, whether or not they have changed tariff heading in the course of the working, processing or assembly within the limits and under the conditions laid down in each of those two lists, may not exceed, in relation to the value of the product obtained, the value corresponding either to the common rate if the rates are identical in both lists, or to the higher of the two if they are different.

3. For the purpose of implementing sub-paragraph (b) of Article 1, the following shall still be considered as insufficient working or processing to confer the status of originating product, whether or not there is a change of tariff heading:

Annex III to  
the Agreement

- (a) operations to ensure the preservation of merchandise in good condition during transport and storage (ventilation, spreading out, drying, chilling, placing in salt, sulphur dioxide or other aqueous solutions, removal of damaged parts and like operations);
- (b) simple operations consisting of removal of dust, sifting or screening, sorting, classifying, matching (including the making up of sets of articles), washing, painting, cutting up;
- (c) (i) changes of packing and breaking up and assembly of consignments;  
(ii) placing in bottles, flasks, bags, cases, boxes, fixing on cards or boards, etc., and all other simple packing operations;
- (d) affixing marks, labels or other like distinguishing signs on products or their packaging;
- (e) simple mixing of products, whether or not of different kinds, where one or more components of the mixture do not meet the conditions laid down in this Annex to enable them to be considered as originating products;
- (f) simple assembly of parts of articles to constitute a complete article;
- (g) a combination of two or more operations specified in sub-paragraphs (a) to (f);
- (h) slaughter of animals.

Article 6

1. Where the Lists A and B referred to in Article 5 provide that goods obtained shall be considered as originating products only if the value of the products worked or processed does not exceed a given percentage of the value of the goods obtained, the values to be taken into consideration for determining such percentage shall be:

on the one hand,

as regards products whose importation can be proved:  
their Customs value at the time of importation;

as regards products of undetermined origin: the earliest ascertainable price paid for such products in the territory where manufacture takes place;

and on the other hand,

the ex-works price of the goods obtained, less internal taxes refunded or refundable on exportation.

This Article also applies for the implementation of Article 2.

2. Where Article 2 applies, "added value acquired" shall be understood as meaning the difference between the ex-works price of the goods obtained, less internal taxes refunded or refundable on exportation from the territory concerned and the Customs value of all the products imported and worked or processed in that territory.

Annex III to  
the AgreementArticle 7

Goods originating in the sense of this Annex and constituting a single shipment which is not split up may be transported through territory other than that of any State Party to this Agreement with, should the occasion arise, transhipment or temporary warehousing in such territory, provided that the crossing of the latter territory is justified for geographical reasons, that the goods have remained under the surveillance of the Customs authorities in the country of transit or of warehousing, that they have not entered into the commerce of such countries nor been delivered for home use and have not undergone operations, other than unloading, reloading or any operation designed to preserve them in good condition.

TITLE IIMethods of administrative co-operationArticle 8

1. Originating products within the meaning of this Annex shall, on importation into a State Party to the Agreement, benefit from the Agreement upon submission of one of the following documents, provided that the notation "EFTA-SPAIN TRADE" has been printed in block letter outline diagonally across the document:

- (a) an EUR.1 movement certificate, hereinafter referred to as an EUR.1 certificate, a specimen of which is given at Appendix 5 to this Annex, or
- (b) a form EUR.2, a specimen of which is given at Appendix 6 to this Annex, for consignments consisting only of originating products and provided the value does not exceed 1,500 units of account per consignment.

2. The following shall be admitted as originating products within the meaning of this Annex, without it being necessary to produce either of the documents referred to in paragraph 1:

- (a) products sent as small packages to private persons, provided that the value of the products does not exceed 100 units of account;
- (b) products forming part of travellers' personal luggage, provided that the value of the products does not exceed 300 units of account.

These provisions shall be applied only when such goods are not imported by way of trade and have been declared as meeting the conditions required for the application of the Agreement, and where there is no doubt as to the veracity of such declaration.

Annex III to  
the Agreement

Importations which are occasional and consist solely of goods for the personal use of the recipients or travellers or their families shall not be considered as importations by way of trade if it is evident from the nature and quantity of the goods that no commercial purpose is in view.

3. The unit of account (UA) has a value of 0.88867088 grams of fine gold. Should the unit of account be changed, the States Parties to this Agreement shall make contact with each other at Joint Committee level to redefine the value in terms of gold.

4. Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle which are part of the normal equipment and included in the price thereof or are not separately invoiced are regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

5. Sets, within the meaning of General Rule 3 of the Customs Co-operation Council Nomenclature, shall be regarded as originating when all component articles are originating products. Nevertheless, when a set is composed of originating and non-originating articles, the set as a whole shall be regarded as originating provided that the value of the non-originating articles does not exceed 15 per cent of the total value of the set.

Article 9

1. An EUR.1 certificate shall be issued by the Customs authorities of the exporting State when the goods to which it relates are exported. It shall be made available to the exporter as soon as actual exportation has been effected or ensured.
2. The EUR.1 certificate shall be issued by the Customs authorities of a State Party to this Agreement if the goods to be exported can be considered as products originating in that State within the meaning of Article 1 of this Annex.
3. The Customs authorities of the States Parties to this Agreement may issue EUR.1 certificates if the goods to be exported can be considered as products originating in a State Party to this Agreement within the meaning of Article 2 of this Annex and provided that the goods covered by the EUR.1 certificates are in its territory.

Where Article 2 of this Annex is applied, the EUR.1 certificates shall be issued by the Customs authorities of each of the countries concerned where the goods have either been held before their re-exportation in the same state or undergone the working or processing referred to in Article 2 of this Annex, upon presentation of the EUR.1 certificates issued previously.
4. An EUR.1 certificate may be issued only where it can serve as the documentary evidence required for the purpose of implementing the preferential treatment provided for in this Agreement.

The date of issue of the EUR.1 certificate must be indicated in the box on the EUR.1 certificate reserved for the Customs authorities.

5. In exceptional circumstances an EUR.1 certificate may also be issued after exportation of the goods to which it relates if it was not issued at the time of exportation because of errors, involuntary omissions or special circumstances.

Annex III to  
the Agreement

The Customs authorities may issue an EUR.1 certificate retrospectively only after verifying that the particulars supplied in the exporter's application agree with those on the corresponding document.

EUR.1 certificates issued retrospectively must be endorsed with one of the following phrases: "NACHTRÄGLICH AUSGESTELLT", "DELIVRE A POSTERIORI", "RILASCIATO A POSTERIORI", "ISSUED RETROSPECTIVELY", "ANNETTU JÄLKIKÄTEEN", "UTGEFID EFTIRA", "UTSTEDT SENERE", "EMITIDO A POSTERIORI", "UTFÄRDAT I EFTERHAND", "EXPEDIDO A POSTERIORI".

6. In the event of the theft, loss or destruction of an EUR.1 certificate, the exporter may apply to the Customs authorities which issued it for a duplicate to be made out on the basis of the export documents in their possession. The duplicate issued in this way must be endorsed with one of the following words: "DUPLIKAT", "DUPLICATA", "DUPLICATO", "DUPLICATE", "KAKSOISKAPPALE", "SAMRIT", "SEGUNDA VIA", "DUPLICADO".

The duplicate, which must bear the date of issue of the original EUR.1 certificate, shall take effect as from that date.

7. The endorsements referred to in paragraphs 5 and 6 shall be inserted in the "Remarks" box on the EUR.1 certificate.

8. It shall always be possible to replace one or more EUR.1 certificates by one or more EUR.1 certificates, provided that this is done at the Customs office where the goods are located.

9. For the purpose of verifying whether the conditions stated in paragraphs 2 and 3 have been met, the Customs authorities shall have the right to call for any documentary evidence or to carry out any check which they consider appropriate.

Article 10

1. An EUR.1 certificate shall be issued only on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorized representative, on the form of which a specimen is given at Appendix 5 to this Annex, which shall be completed in accordance with this Annex.
2. It shall be the responsibility of the Customs authorities of the exporting State to ensure that the form referred to in paragraph 1 is properly completed. In particular, they shall check whether the box reserved for the description of the goods has been completed in such a manner as to exclude any possibility of fraudulent additions. To this end, the description of the goods must be given without leaving any blank lines. Where the box is not completely filled a horizontal line must be drawn below the last line of the description, the empty space being crossed through.
3. Since the EUR.1 certificate constitutes the documentary evidence for the application of the preferential tariff and quota arrangements laid down in the Agreement, it shall be the responsibility of the Customs authorities of the exporting State to take any steps necessary to verify the origin of the goods and to check the other statements on the certificate.
4. The exporter or his representative shall submit with his request any appropriate supporting document proving that the goods to be exported qualify for the issue of an EUR.1 certificate.
5. When an EUR.1 certificate is issued within the meaning of paragraph 5 of Article 9 of this Annex after the goods to which it relates have actually been exported, the exporter must in the application referred to in paragraph 1:

Annex III to  
the Agreement

- indicate the place and date of exportation of the goods to which the EUR.1 certificate relates;
- certify that no EUR.1 certificate was issued at the time of exportation of the goods in question, and state the reasons.

6. Applications for EUR.1 certificates and the EUR.1 certificates referred to in the second sub-paragraph of paragraph 3 of Article 9 of this Annex, upon presentation of which new EUR.1 certificates are issued, must be preserved for at least two years by the Customs authorities of the exporting State.

Article XI

1. EUR.1 certificates shall be made out on the form of which a specimen is given at Appendix 5 to this Annex. This form shall be printed in one or more of the official languages of the States Parties to this Agreement or in English. EUR.1 certificates shall be made out in one of those languages and in accordance with the provisions of the domestic law of the exporting State; if they are handwritten, they shall be completed in ink in capital letters.
2. The EUR.1 certificate shall measure 210 x 297 mm. A tolerance of up to plus 8 mm or minus 5 mm may be allowed. The paper used must be white-sized writing paper not containing mechanical pulp and weighing not less than 25 g/m<sup>2</sup>. It shall have a printed green guilloche pattern background making any falsification by mechanical or chemical means apparent to the eye. The EUR.1 certificate shall bear the notation "EFTA-SPAIN TRADE" printed in block letter outline diagonally across the form.
3. The States Parties to this Agreement may reserve the right to print the EUR.1 certificates themselves or may have them printed by printers approved by them. In the latter case, each EUR.1 certificate must include a reference to such approval. Each EUR.1 certificate must bear the name and address of the printer or a mark by which the printer can be identified. It shall also bear a serial number, whether or not printed, by which it can be identified.

Annex III to  
the AgreementArticle 12

1. An EUR.1 certificate must be submitted, within four months of the date of issue by the Customs authorities of the exporting State, to the Customs authorities of the importing State where the goods are entered, in accordance with the procedures laid down by that State. The said authorities may require a translation of a certificate. They may also require the import declaration to be accompanied by a statement from the importer to the effect that the goods meet the conditions required for the implementation of the Agreement.

2. Without prejudice to paragraph 3 of Article 5 of this Annex where, at the request of the person declaring the goods at Customs, a dismantled or non-assembled article falling within Chapter 84 or 85 of the Customs Co-operation Council Nomenclature is imported by instalments under the conditions laid down by the competent authorities, it shall be considered to be a single article and an EUR.1 certificate may be submitted for the whole article upon importation of the first instalment.

3. An EUR.1 certificate which is submitted to the Customs authorities of the importing State after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential treatment, where the failure to submit the certificate by the final date set is due to force majeure or exceptional circumstances.

In other cases of belated presentation, the Customs authorities of the importing State may accept the EUR.1 certificates where the goods have been submitted to them before the said final date.

4. The discovery of slight discrepancies between the statements made in the EUR.1 certificate and those made in the documents submitted to the Customs office for the purpose of carrying out

the formalities for importing the goods shall not ipso facto render the certificate null and void, provided it is duly established that the certificate corresponds to the goods.

5. EUR.1 certificates shall be preserved by the Customs authorities of the importing State in accordance with the rules in force in that State.

6. Proof that the conditions set out in Article 7 of this Annex have been met shall be provided by submission to the Customs authorities of the importing State of either:

- (a) a single supporting transport document, made out in the exporting State, under the cover of which the transit country has been crossed; or
- (b) a certificate issued by the Customs authorities of the transit country containing:
  - (i) an exact description of the goods,
  - (ii) the date of unloading and reloading of the goods and, where applicable, the names of the ships,
  - (iii) certified proof of the conditions under which the goods have stayed in the transit country;
- (c) or, failing these, any substantiating documents.

Annex III to  
the AgreementArticle 13

1. By derogation from paragraphs 1 to 6 of Article 9 and from paragraphs 1 and 6 of Article 10 of this Annex, a simplified procedure for the issue of EUR.1 certificates is applicable in accordance with the following provisions.
  2. The Customs authorities in the exporting State may authorize any exporter, hereinafter referred to as "approved exporter", who satisfies the conditions set out in paragraph 3 and who intends to carry out transactions for which EUR.1 certificates may be issued, not to submit to the Customs office in the exporting State at the time of export either the goods or the application for an EUR.1 certificate relating to those goods for the purpose of obtaining an EUR.1 certificate under the conditions laid down in paragraph 4 of Article 8, paragraphs 1 to 4 of Article 9 and paragraph 2 of Article 12 of this Annex.
- The Customs authorities in the exporting State may declare certain categories of goods ineligible for the special treatment provided for in paragraph 1.
3. The authorization referred to in paragraph 2 shall be granted only to exporters making frequent shipments and who offer, to the satisfaction of the Customs authorities, all guarantees necessary to verify the originating status of the products.

The Customs authorities shall refuse such authorization to exporters who do not offer all the guarantees which they consider necessary.

The Customs authorities may withdraw the authorization at any time. They must do so where the approved exporter no longer satisfies the conditions or no longer offers these guarantees.

4. The authorization shall stipulate, at the choice of the Customs authorities, that box No. 11, "Customs Endorsement", of the EUR.1 certificate must:

- (a) either be endorsed beforehand with the stamp of the competent Customs office of the exporting State and the handwritten or non-handwritten signature of an official of that office, or
- (b) be endorsed by the approved exporter with a special stamp which has been approved by the Customs authorities of the exporting State and corresponds to the specimen given at Appendix 7 to this Annex; this stamp may be preprinted on the forms.

Box No. 11, "Customs Endorsement", of the EUR.1 certificate shall be completed if necessary by the approved exporter.

5. In the cases referred to in paragraph 4(a), one of the following phrases shall be entered in box No. 7, "Remarks", of the EUR.1 certificate: "Simplified procedure", "Vereinfachtes Verfahren", "Procédure simplifiée", "Procedura semplificata", "Yksinkertaistettu menettely", "Einföldun afgreidslu", "Forenklet prosedyre", "Procedimento simplificado", "Förenklad procedur".

The approved exporter shall if necessary indicate in box No. 13, "Request for Verification", of the EUR.1 certificate the name and address of the Customs authority competent to verify the EUR.1 certificate.

Annex III to  
the Agreement

6. In the authorization the Customs authorities shall specify in particular:

- (a) the conditions under which the applications for EUR.1 certificates are made,
- (b) the conditions under which these applications and the EUR.1 certificates used as the basis for the issue of other EUR.1 certificates under the conditions laid down in the second subparagraph of paragraph 3 of Article 9 of this Annex are kept for at least two years,
- (c) in the cases referred to in paragraph 4(b), the Customs authorities competent to carry out the subsequent verification referred to in Article 17 below.

Where the simplified procedure applies, the Customs authorities of the exporting State may prescribe the use of EUR.1 certificates bearing a distinctive sign by which they may be identified.

7. The approved exporter may be required to inform the Customs authorities, in accordance with the rules which they lay down, of goods to be dispatched by him, so that the competent Customs office may make any verification it thinks necessary before the dispatch of the goods.

The Customs authorities in the exporting State may carry out any check on the approved exporter which they consider necessary. The approved exporter must allow this to be done.

8. The provisions of this Article shall not prejudice application of the rules of the States Parties to this Agreement on Customs formalities and the use of Customs documents.

Article 14

1. Form EUR.2 shall be completed and signed by the exporter or, under his responsibility, by his authorized representative. It shall be made out on the form of which a specimen is given at Appendix 6. This form shall be printed in one or more of the official languages of the States Parties to this Agreement or in English. It shall be made out in one of those languages and in accordance with the provisions of the domestic law of the exporting State. If it is handwritten it must be completed in ink and in capital letters.
2. One form EUR.2 shall be completed for each consignment.
3. Form EUR.2 shall measure 210 x 148 mm. A tolerance of up to plus 8 mm or minus 5 mm in the length may be allowed. The form EUR.2 shall bear the notation "EFTA-SPAIN TRADE" printed in block letter outline diagonally across the form.
4. The States Parties to this Agreement may reserve the right to print form EUR.2 themselves or may have it printed by printers approved by them. In the latter case each form must bear a reference to such approval. In addition, the form must bear the name and address of the printer or a mark by which the printer can be identified. It shall also bear a serial number, whether or not printed, by which it can be identified.
5. If the goods contained in the consignment have already been subject to verification in the exporting State by reference to the definition of the concept of originating products, the exporter may refer to this check in the "Remarks" box on form EUR.2.
6. An exporter who has completed a form EUR.2 shall be obliged to submit, at the request of the Customs authorities of the exporting State, supporting evidence concerning the use of this form.

Annex III to  
the AgreementArticle 15

1. Goods sent from an EFTA country or from Spain for exhibition in a country other than a State Party to this Agreement and sold after the exhibition for importation into Spain or into an EFTA country shall be accepted as eligible for tariff treatment provided for in this Agreement on condition that the goods meet the requirements of this Annex entitling them to be recognized as originating in an EFTA country or in Spain, and provided that it is shown to the satisfaction of the Customs authorities that:

- (a) an exporter has consigned these goods from an EFTA country or from Spain to the country in which the exhibition is held and has exhibited them there;
- (b) the goods have been sold or otherwise disposed of by that exporter to someone in Spain or in an EFTA country;
- (c) the goods have been consigned during the exhibition or immediately thereafter to Spain or to an EFTA country in the state in which they were sent for exhibition;
- (d) the goods have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. An EUR.1 certificate must be produced to the Customs authorities in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the nature of the goods and the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organized for private purposes in shops or business premises with a view to the sale of foreign goods, and during which the goods remain under Customs control.

Annex III to  
the Agreement

Article 16

1. In order to ensure the proper application of this Title, the States Parties to this Agreement shall assist each other, through their respective Customs administrations, in checking the authenticity and accuracy of EUR.1 certificates, including those issued under paragraph 3 of Article 9 of this Annex, and exporters' declarations made on forms EUR.2.
2. The Joint Committee shall be authorized to take any decisions necessary for the methods of administrative co-operation to be applied in due time in the States Parties to this Agreement.
3. The Customs authorities of the States Parties to this Agreement shall provide each other, through the EFTA Secretariat, with specimen impressions of stamps used in their Customs offices for the issue of EUR.1 certificates.
4. Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect particulars for the purpose of obtaining a preferential treatment for goods. This paragraph applies mutatis mutandis in the case of the use of the procedure laid down in Article 13 of this Annex.
5. The States Parties to this Agreement shall take all necessary steps to ensure that goods traded under cover of an EUR.1 certificate, which in the course of transport use a free zone situated in their territory, are not substituted by other goods and that they do not undergo handling other than normal operations designed to prevent their deterioration.
6. When products originating in a State Party to this Agreement and imported into a free zone under cover of an EUR.1 certificate undergo treatment or processing, the Customs authorities concerned must issue a new EUR.1 certificate at the exporter's request if the treatment or processing undergone is in conformity with the provisions of this Annex.

Article 17

1. Subsequent verifications of EUR.1 certificates and of forms EUR.2 shall be carried out at random or whenever the Customs authorities of the importing State have reasonable doubt as to the authenticity of the document or the accuracy of the information regarding the true origin of the goods in question.

2. For the purpose of implementing the provisions of paragraph 1, the Customs authorities of the importing State shall return the EUR.1 certificate or the form EUR.2 or a photocopy thereof, to the Customs authorities of the exporting State, giving, where appropriate, the reasons of substance or form for an inquiry. The invoice, if it has been submitted, or a copy thereof, shall be attached to the EUR.1 certificate or to the form EUR.2 and the Customs authorities shall forward any information that has been obtained suggesting that the particulars given on the said certificate or the said form are inaccurate.

If the Customs authorities of the importing State decide to suspend the provisions of this Agreement while awaiting the results of the verification, they shall offer to release the goods to the importer subject to any precautionary measures judged necessary.

3. The Customs authorities of the importing State shall be informed of the results of the verification as soon as possible. These results must be such as to make it possible to determine whether the disputed EUR.1 certificate or form EUR.2 applies to the goods actually exported, and whether these goods can, in fact, qualify for application of the preferential arrangements.

Annex III to  
the Agreement

Where such disputes cannot be settled between the Customs authorities of the importing State and those of the exporting State or where they raise a question as to be the interpretation of this Annex, they shall be submitted to the Joint Committee.

For the purpose of the subsequent verification of EUR.1 certificates, the Customs authorities of the exporting State must keep the export documents, or copies of EUR.1 certificates used in place thereof, for not less than two years.

APPENDIX 1 TO ANNEX III

EXPLANATORY NOTES

Note 1 - Article 1

The term "State Party to this Agreement" shall also cover the territorial waters of this State.

Vessels operating on the high seas, including factory ships, on which the fish caught is worked or processed shall be considered as part of the territory of the State Party to this Agreement to which they belong provided that they satisfy the conditions set out in Explanatory Note 5.

Note 2 - Articles 1 and 2

In order to determine whether goods are originating products it shall not be necessary to establish whether the power and fuel, plant and equipment, and machines and tools used to obtain such goods originate in third countries or not.

Note 3 - Articles 2 and 5

For the purpose of implementing the provisions of paragraph 1(b) of Article 2 the percentage rule must be observed by referring, for the added value acquired, to the provisions contained in Lists A and B. Where the products obtained appear in List A, the percentage rule therefore constitutes a criterion additional to that of change of tariff heading for any non-originating product used. Likewise the provisions ruling out the possibility of cumulating the percentages shown in Lists A and B for any one product obtained are applicable in each country for the added value acquired.

Note 4 - Articles 1 and 2

Packing shall be considered as forming a whole with the goods contained therein. This provision, however, shall not apply to packing which is not of the normal type for the article packed and which has intrinsic utilization value and is of a durable nature apart from its function as packing.

BILAGA III TILL AVTALET

DEFINITION AV BEGREPPET "URSPRUNGSVAROR" OCH FORMER FÖR  
ADMINISTRATIVT SAMARBETE

AVDELNING I

Definition av begreppet

"ursprungsvvaror"

Artikel 1

Vid tillämpning av avtalet skall varor anses ha ursprung i ett avtalsslutande land, såvida:

- (a) de helt framställda i detta land;
- (b) de framställda i detta land och vid framställningen som material används andra varor än de som avses under(a), under förutsättning att varorna varit föremål för bearbetning eller behandling som är tillräcklig enligt artikel 5. Denna förutsättning skall dock icke gälla för varor, som enligt denna bilaga har ursprung i det land till vilket de nämnda varorna importeras.

Artikel 2

1. Varor som har ursprung i ett avtalsslutande land i enlighet med bestämmelserna i artikel 1 skall likaledes anses ha ursprung där, om de, efter att ha exporterats, icke undergått bearbetning eller behandling i ett annat avtalsslutande land eller där har undergått bearbetning eller behandling som icke är tillräcklig för att de skall anses ha ursprung enligt bestämmelserna i artikel 1, förutsatt att

- (a) endast varor som har "rsprung i något av dessa länder har använts vid bearbetningen eller behandlingen;
- (b) om en procentregel enligt de i artikel 5 nämnda listorna A och B begränsar den del av varornas värde som på vissa villkor får utgöras av icke ursprungsvaror, mervärdet i vart och ett av de andra avtalsslutande länderna erhållits under hänsynstagande till de procentregler och andra regler som ingår i listorna utan möjlighet till sammanläggning från ett avtalsslutande land till ett annat.

2. Vid tillämpning av punkt 1(a) skall det förhållandet att andra varor än de som avses i denna punkt använts som material till ett värde vilket sammanlagt icke överstiger 5% av värdet av de framställda varor som importeras till ett avtalsslutande lands område, icke beaktas vid bestämmandet av sistnämnda varors ursprung, förutsatt att de varor som sålunda använts som material ej skulle ha påverkat ursprunget hos de varor som tidigare exporterats från det område i vilket de först erhållit ursprung om de där använts som material i dessa varor.

3. I de fall som avses i punkterna 1(b) samt 2 får icke-ursprungsvara icke användas som material enbart på grund av sådan bearbetning eller behandling som avses i artikel 5 punkt 3.

Artikel 3

(Denna bilaga innehåller ej någon artikel 3)

Artikel 4

Som "helt framställda" i ett avtalsslutande land enligt artikel 1 punkt (a) skall anses

- (a) mineraliska produkter som utvunnits ur dess jord eller havsbotten;
- (b) vegetabiliska produkter som skördats där;
- (c) levande djur, som fötts och uppfötts där;
- (d) produkter som erhållits från levande djur, som uppfötts där;
- (e) produkter från jakt och fiske som utövats där;
- (f) produkter från havsfiske och andra produkter som hämtats ur havet av dess fartyg;
- (g) produkter som framställts ombord på dess "flytande fabriker" uteslutande av varor som avses under (f);
- (h) brukade artiklar, som tillvaratagits där och som endast kan användas för återvinning av råvaror;
- (i) avfall som uppkommit vid tillverningsprocesser som ägt rum där;
- (j) varor som framställts där uteslutande av produkter som avses under (a)-(i).

Artikel 5

1. Vid tillämpning av artikel 1 punkt(b) skall som tillräcklig bearbetning eller behandling anses

- (a) bearbetning eller behandling som medför att de framställda varorna blir hämförliga till annat tulltaxenummer än var och en av de varor som använts som material, dock att enligt lista A (bilaga 2 till denna bilaga särskilda bestämmelser gäller för där angivna varor;
- (b) bearbetning eller behandling som anges i lista B (bilaga 3 till denna bilaga).

Med avdelningar, kapitel och tulltaxenummer avses de som ingår i CCC-nomenkaturen för klassificering av varor i tulltarifferna.

2. Om för en viss framställd vara en procentregel i lista A och lista B begränsar värdet av de varor som får användas som material vid framställningen, får det sammanlagda värdet av dessa varor, oavsett om de, inom de gränser och på de villkor som anges i var och en av de två listorna, har ändrat tulltaxenummer genom bearbetningen, behandlingen eller monteringen, i förhållande till den framställda varans värde icke överstiga den procentsats som anges i de båda listorna, om procentsatsen är densamma, eller, om listorna anger olika procentsatser, den högre av de två.

3. Vid tillämpning av bestämmelserna i artikel 1 punkt (b) skall följande bearbetning eller behandling alltid anses otillräcklig för att ge ursprungskaraktär, oavsett om den medför ändring av tulltaxenummer:

- (a) behandling med syfte att säkerställa att varorna bevaras i gott skick under transport eller lagring (luftning, utspridning, torkning, kylnings, inläggning i saltvatten, i svavelsyrlighetsvattnen eller i andra konserverande vattenlösningar, avlägsnande av skadade delar och liknande åtgärder);
- (b) enkel behandling bestående i avlägsnande av damm, siktning eller sållning, klassificering, sortering (inklusive sammanföring av artiklar till satser), tvättnings, målning eller delning;
- (c) omväppling, uppdelning eller sammanföring av kolin; förpackning på flaskor, i säckar, fodral eller askar, uppsättning på kartor m.m. samt alla andra enkla förpackningsåtgärder;
- (d) anbringande av märken, etiketter eller liknande särskiljande beteckningar på varor eller förpackningar därtill;
- (e) enkel blandning av varor, även av skilda slag, såvida en eller flera i blandningen ingående beståndsdelar icke uppfyller villkoren enligt denna bilaga för att kunna anses som ursprungsvavaror;
- (f) enkel sammansättning av delar av artiklar i avsikt att framställa en komplett artikel;
- (g) en kombination av två eller flera av de åtgärder som anges under (a)-(f);
- (h) slakt av djur.

Artikel 6

1. När de i artikel 5 nämnda listorna A och B anger att framställda varor skall anses som ursprungsvavar endast om värdet av varor som används som material ej överstiger en viss del av värdet av de framställda varorna, skall följande värden beaktas vid bestämmningen av denna del, nämligen:

- dels

beträffande varor vilka visas vara importerade: tullvärdet vid importtillfället;

beträffande varor av obestämt ursprung: det tidigaste fastställbara pris som betalats för varorna inom det område där framställningen äger rum;

- dels

de framställda varornas pris vid försäljning fritt fabrik med avdrag av interna skatter som återbetalats eller skall återbetalas vid export.

Bestämmelserna i denna artikel skall även gälla vid tillämpning av artikel 2.

2. Vid tillämpning av artikel 2 skall med mervärde förstås skillnaden mellan, å ena sidan, de framställda varornas pris vid försäljning fritt fabrik med avdrag av interna skatter som återbetalats eller skall återbetalas vid export från det berörda området och, å andra sidan, tullvärdet av alla importerade varor som används som material i detta område.

Artikel 7

Transport, som sker i en enda sändning, av varor som har ursprung i den mening som avses i denna bilaga kan äga rum genom andra områden än dem som tillhör något avtalsslutande land, i förekommande fall med omlastning eller tillfällig lagring inom sådana andra områden, såvida transporten genom dessa områden är motiverad av geografiska skäl och varorna stått under uppsikt av tullmyndigheterna i transit- eller lagringslandet samt icke saluförts eller utlämnats till förbrukning och där icke heller undergått annan behandling än lossning och lastning eller åtgärd avsedd att bevara dem i orörändrat skick.

AVDELNING II
