

<b>Regulated textile and leather relevant substances</b>	<b>Latest published: CEN/ISO test methods</b>	<b>In progress: CEN/ISO test methods</b>	<b>Suggested substances for the proposed Swedish taxation law</b>	<b>Relevant EN / EN ISO test methods to the proposed textile taxation law</b>
Alkylphenol ethoxylates (APEO) and derivatives. Alkylphenols (AP)	ISO 18218-1, -2:2015 (APEO), EN ISO 21084:2019 (textile), (AP) ISO 18218-1:2015 (leather)		Yes	Yes
Formamide	Not yet available		Yes	Not yet available
N-Nitrosodimethylamine	Not yet available		Yes	Not yet available
Solvents - Chlorinated organic solvents	EN 17137-2018 (textile)	Update under drafting: Determination of the content of compounds based on chlorobenzenes and chlorotoluenes	1,2 dichlorethane	The current test method does not analyze for 1,2 dichlorethane
Allergenic dyes	EN ISO 16373-1.2015,-2,- 3:2014 (textile)		Yes	Yes
Restricted arylamines related to azo dyes	EN ISO 14362-1, 2:2017 (textile)	Update under approval: FprEN ISO 17234-1 (leather)	1,4 paraphenylene diamin	Yes

<b>Regulated textile and leather relevant substances</b>	<b>Latest published: CEN/ISO test methods</b>	<b>In progress: CEN/ISO test methods</b>	<b>Suggested substances for the proposed Swedish taxation law</b>	<b>Relevant EN / EN ISO test methods to the proposed textile taxation law</b>
	EN ISO 17234-1:2015 (leather)  EN ISO 17234-2:2011 (leather)			
Cobalt and its compounds	EN 16711-1,-2:2015 (textile)  EN ISO 17072-1, -2:2019 (leather)		Yes	Yes
CMR, Carcinogenic, Mutagenic, Reproductive toxic dyestuffs	EN ISO 16373-1.2015,-2,- 3:2014 (textile)		Yes	Yes
Chloroparaffins	EN ISO 18219:2015 (leather)	Update under approval: prEN ISO 18219-1 (leather)  Under approval: prEN ISO 22818 (Determination of SCCP and MCCP in textile products)	Yes	Yes
Nickel (Ni), in accessories	EN 12472:2005+A1:2009 and EN 1811:2011+A1:2015 (for coated items) EN	Approved :  EN 12472:2020 (for coated items)	Non textile accessories are not included for this tax, meaning that the below test methods for nickel	

Regulated textile and leather relevant substances	Latest published: CEN/ISO test methods	In progress: CEN/ISO test methods	Suggested substances for the proposed Swedish taxation law	Relevant EN / EN ISO test methods to the proposed textile taxation law
	1811:2011+A1:2015 (for non-coated item).		<p>have to be applied for textile and leather materials.</p> <p>EN 16711-1,-2:2015, -3:2019 (textile)</p> <p>EN ISO 17072-1, -2:2019 (leather)</p>	
PFAS - Highly fluorinated carboxylic acids (PFOA and related substances)	Not yet available	Under drafting:	Yes	Yes the drafted EN method in progress
PFAS - Highly fluorinated sulfonic acids (PFOS and related substances)	CEN/TS 15968:2010 (textile)	prEN xxxxx-1:2020: Textiles and textile products — Organic fluorine — Part 1: Determination of non-volatile compounds by extraction method using liquid chromatography	Yes	Yes the drafted EN method in progress
PFAS - Highly fluorinated ethers (PFPEs)	Not yet available	prEN xxxxx-2:2020: Textiles and textile products — Organic fluorine — Part 2: Determination of volatile compounds by extraction method using gas chromatography	Yes	Yes the drafted EN method in progress

<b>Regulated textile and leather relevant substances</b>	<b>Latest published: CEN/ISO test methods</b>	<b>In progress: CEN/ISO test methods</b>	<b>Suggested substances for the proposed Swedish taxation law</b>	<b>Relevant EN / EN ISO test methods to the proposed textile taxation law</b>
Ortho-phthalate esters	EN ISO 14389:2014 (textile)  CEN ISO/TS 16181:2011 (footwear)	Update under approval: prEN ISO 14389 rev. (textile)  prEN ISO 16181-1,-2 (footwear)	Yes	Yes
Siloxanes (D4, D5 and D6)	Not yet available		Yes	Not yet available
Halogenated aryl phosphates – TCEP, TBPP, TCPP and TDCPP	EN ISO 17881-2:2016 (textile)		Yes	Yes
Aryl phosphates – Trixylyl phosphate, Triphenylphosphate	EN ISO 17881-2:2016 (textile)		Yes	Yes
Silver and its compounds	Not yet available		Yes	Not yet available
Dimethyloctadecyl[3- (trimethoxysilyl)propyl]ammonium chloride	Not yet available		Yes	Yes
